

Over 7,000 members shared their views in the RAC Opinion survey in April

Household conversations

What are members talking about at home?

More discussion this month about:

US trade tariffs

Many members are concerned about the impact on the Australian economy.

Local politics / election

The federal election was also a hot topic of discussion in WA households.

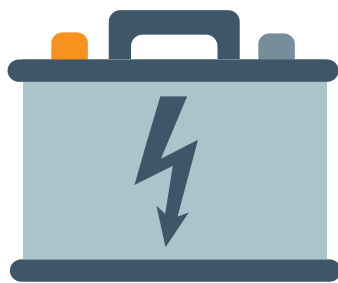

Topical issues

What do members think about these issues?

Hybrid vehicles

53% of members would consider buying a hybrid vehicle in the future. The main perceived benefits include:

- » Fuel efficiency and cost savings
- » Environmentally friendly
- » Flexibility and convenience

Work commute

77% of members commute to work by car.

The main barriers to commuting to work via public transport, cycling or eRideables are:

- » Time and convenience
- » Safety concerns
- » Lack of infrastructure

Health and wellbeing

Many members like to enjoy the WA weather and stay active, with **4 in every 5** either walking or running for exercise on a regular basis.

1 in every 4 members also visit a gym at least once a week.
