

## Nearly 7,000 members shared their views in the RAC Opinion survey in October

### Household conversations

What are members talking about at home?

### More discussion this month about:

#### Cost of living

Many members are discussing their household budgets for the Christmas/holiday period and beyond.

#### Crime/violence

There's been a spike in discussion about juvenile crime, following various media reports.

### Topical issues

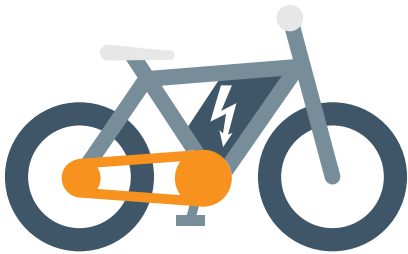

What do members think about these issues?

#### Energy efficiency

55% of members have solar panels on their property, with the main reasons being:

- » Reduce electricity costs
- » Use a renewable energy source
- » Less reliance on electricity grid

Members said that the main barrier to installing solar panels is the cost and the suitability of their property/roof.

#### Mobility

7% of members own an e-Bike, while 3% own an e-Scooter.

2 in every 3 owners use their e-Bike at least once a month.

#### What we love about our cars

While many members are choosing alternative transport options like cycling and e-Rideables, we still love our cars. According to members, this is what we love most about our cars:

- » **Convenience** – there whenever we need them.
- » **Comfort** – always appreciated on long road trips.
- » **Versatility** – can be used to carry bulky items or for towing.
