

# Fatal factors on the road

## Fatigue

### Activity: fatal factor influencer

Once you have read your fact sheet, come up with a creative social media post to show your understanding of what you have learnt and what you could do to take action.

Spend some time thinking about the tagline, picture and hashtags you would have on your post. Illustrate and write what your social media post would look like on this page.

### Extension

Come up with another example of what you've learnt and what you could share on different types of social media platforms. For example, a Facebook post allows you to upload multiple photos and to write more text.

**Use the 'useful links' on your fact sheet for further information and ideas**
