

Fatal factors on the road

Seatbelts

Activity: Label and investigate

Use the fact sheet on seat belts to help you complete the activities below.

Activity 1: Label what a safe seatbelt looks like

If you have access to a vehicle, take a photo of someone with their seat belt on in the front seat or back seat. Place the photo in the space below and label and describe how the seat belt is safely restraining the passenger. Use the fact sheet to help you with your information.

Activity 2: Investigate the importance of safety features

Head to [ancap.com.au/understanding-safety-features](https://www.ancap.com.au/understanding-safety-features) and list down what you learn about other important safety features that are in vehicles today.
